

QUALITY, HEALTH, SAFETY, ENVIRONMENT, POLICIES

CONTRIBUTE TO THE PERFORMANCE & SUSTAINABILITY OF THE GROUP

Environment, Health, Safety and Continuous Improvement are an integral part of the Mäder Group's operations.

Our QHSE approach is a major focus of our development, and addresses our customer satisfaction objectives, while also ensuring the safety of our employees and reducing our environmental footprint.

Taking action at all levels

- **Designing and managing our operations and products** to limit their impact on people and the environment.
- **The will to reduce energy costs** during production, encourage bio-sourced and safer raw materials. Continuing our efforts to recycle and recover waste.
- **Offering our customers relevant environmental solutions:** water protection, reservoirs, and leak-proof coatings.
- **Ensuring compliance with environmental standards** at our sites around the world and raising employee awareness of environmental protection.
